AM45超静音内置锂电池遮阳篷电机 AM45 Ultra-Quiet Built-in Li-ion Battery Awning Motor

锂电长续航 | 智能稳控 | 静音遮阳新标杆
Long-Life Lithium | Smart Control | Quiet Shading Benchmark

采用低噪平稳运行设计，实现静谧无扰的遮阳体验；搭载 9000mAh 大容量锂电，更支持太阳能供电，告别布线烦恼。

多模式智能控制：RF/APP/ 语音 / 定时随心操控，配合风光雨感应联动系统，遇风、雨、强光可自动启停；自动校准上限位，长期运行零错位；上行遇阻自动反向释放，有效保护面料不紧绷，以全场景智能防护，打造稳定可靠的智能遮阳解决方案。

Featuring a low-noise, smooth operation design for a quiet, undisturbed shading experience. Equipped with a 9000mAh high-capacity lithium battery, and also supports solar power supply to eliminate wiring hassles.

Multi-mode smart control: Flexible operation via RF/APP/voice/timer. Integrated with wind/rain/sunlight sensor linkage system, it automatically starts or stops in response to wind, rain, or strong sunlight. Auto-calibrates the upper limit position to ensure zero misalignment during long-term operation. With automatic reverse release upon upward obstruction, it effectively prevents fabric over-tension. With all-scenario intelligent protection, it creates a stable and reliable smart shading solution.

功能特点 FEATURES

上行遇阻停并反向释放
Stop on obstacle during upward movement with reverse release

半自动限位设置
Semi-automatic limit setting

自动校准上限位
Automatic upper limit recalibration

多元化控制方式
Multiple control methods

FSK 双向技术
FSK bidirectional communication technology

兼容风光雨传感器
Compatible with wind, sun and rain sensors

可配太阳能电池板供电
Compatible with solar panel power supply

内置可充电电池
Built-in rechargeable battery
