control of light and privacy

高品质直流马达
运行更静音，更稳定
High-quality DC motor for quieter
and more stable operation

采用高精度齿轮结构与消音材质
告别嘈杂
Adopts high-precision gear structure and
noise-reducing materials

内置核心抗干扰接收模块
信号穿透力强
Built-in core anti-interference receiving
module with strong signal penetration

缓起缓停设计，带来零冲击
零抖动的静谧顺畅运行奢享体验
Smooth start/stop design delivers a
luxurious experience of silent

极高的尺寸兼容性
能够适配绝大多数市面主流轨道
Extremely high dimensional compatibility
adaptable to most mainstream rails/tracks on the market

内置可拓展智能模块
APP/语音随心互联
Built-in expandable smart module
for seamless APP/voice control
