Touch to Go & Manual Operation Without Electricity

The perfect fusion of manual and smart control: a simple pull/push starts the blind and lets it hover anywhere giving you full control even when the power is out.

Pull By Hand for 5 to 10cm

The blind will operate in the direction of the pull

Pull By Hand for More than 30cm

The blind will stop at the released position

Pull When the Blinds is in Motion

Pull up or down 5-10cm and release while the blind is moving; the blind will stop at the released position.

Control Mood

Remote Control

Smart Voice Control

Smart App Control
