Cellular Blind

REMOVABLE BATTERY EASY MAINTENANCE

Easy Battery Replacement
Continuous power. EU 2023/1542 compliant.

AM22 features a modular design with a removable, replaceable battery for easy maintenance and lower long-term costs.

USB-C and optional solar charging.

* Replacement batteries sold separately, contact us for details.

38dB Ultra-Quiet

Silicone dampers at the motor interface, output shaft, and limit switch effectively absorb operating vibrations.

30kV ESD Protection Longer Life

30kV ESD protection for reliable performance and longer service life.

USB-C Charging, Solar-Powered

USB-C charging with optional solar power. Daylight keeps the battery topped up for long-lasting, worry-free operation.

Upgraded Crown & Adaptor Quieter & More Stable

Extended Crown & adaptor for a secure fit and smooth operation. Silicone damping reduces vibration and noise.

Why Choose Matter?

Open Connectivity: Multi-Protocol & Multi-Ecosystem Support for Seamless Cross-Platform Connectivity.

Security & Privacy: End-to-end encryption and access control safeguard privacy, while local control ensures faster response and reliable operation—even offline.

Easy to Use: One App, All Devices. Smart Living Made Simple.

Concealed Antenna, Sleek Design

Matter & Zigbee Ready. Built-in Antenna for Stable Connectivity.
